

The Tainan Prison of the Ministry of Justice and the Tainan Dream Rotary Club Co-operation in the opening ceremony of the "Multimedia Production Practice Workshop"

In recent years, the Internet and various audio-visual platforms have invisibly affected our lifestyle. The Supervisor has assisted the inmates to successfully return to the society in the future, cultivate multimedia audio-visual practice capabilities, and adapt to the changes in the social industry in the face of the trend of the times. Freed from the teaching thinking of the previous Office software, and cooperated with the Rotary Club of Tainan Dream Times to launch the "Multimedia Production Practice Workshop" in the Shude School of High School. There are 30 occupants to attend, Friday, November 15, 2008. At 10 o'clock in the morning, the ceremony was presided over by the governor Guo Hongwen, and invited guests from the International Rotary 3470 area, the Tainan Dream Rotary Club and Friendship Society, and the Assistant Professor of Public Relations and Advertising at Kunshan University of Science and Technology to visit the ceremony.

he governor Guo Hongwen especially thanked all walks of life for assisting the smooth opening of this class. He also mentioned that there were couples of entrepreneurs in the United States who went to prison to teach the prisoners to design, and after a few years they successfully returned to the society to find work, and the supervision class There have been two prisoners who have been imprisoned and set up their own studios to create their own works. Therefore, how to market their works is very important for all prisoners who want to start their own businesses.

In response to the gradual spread and maturity of multimedia and audio-visual marketing strategies and business highlights in the public and private sectors, the Superintendent has applied for subsidies to purchase 30 new computer equipments from the Correctional Services Department this year. After consultation with the Tainan Dream Rotary Club, the company will hire Kunshan. The professional teachers of the University of Science and Technology will start the course and provide courses such as "PowerDirector Software Operation", "Folk Film Practice" and "Video Marketing Proposal Planning". The course will be integrated into the 108-year high school curriculum with multiple electives. To implement the spirit of the new curriculum and enhance the multimedia skills of the host.
